

An aerial photograph of a dense tropical forest, primarily composed of palm trees. In the upper right quadrant, a small cluster of buildings with light-colored walls and dark roofs is visible, partially obscured by the foliage. The overall scene is vibrant green and conveys a sense of a remote, natural setting.

COCONESIA

The Purest Essence of Indonesian Coconuts

A Premier Brand by PT Raga Isod Nusantara

Executive Summary

Our Identity

Coconesia is the flagship brand of PT Raga Isod Nusantara, a leading Indonesian exporter specializing in premium coconut products. We bridge the gap between Indonesia's fertile volcanic soils and the global market.

Our Core Expertise

From sourcing the finest raw coconuts to advanced derivative processing, we ensure every product—whether Copra, VCO, or Charcoal—meets the highest international benchmarks for purity and performance.

| Why Indonesia?

30%

Global Production Share

The World's Coconut Paradise

Indonesia is the world's largest coconut producer, yielding over 18 million metric tons annually. The unique combination of tropical climate and mineral-rich volcanic soil results in coconuts with higher oil content and superior flavor profiles compared to other regions.

Vision & Mission

Cultivating a Sustainable Future

Vision: To be the world's most trusted partner for sustainable, high-quality Indonesian coconut derivatives.

Mission: To empower local smallholder farmers through fair trade and modern agricultural practices while delivering uncompromising quality to our global clientele.

Our Strategic Pillars

Premium Quality

Rigorous quality control from plantation to port, ensuring low moisture and high nutrient retention.

Sustainability

Commitment to zero-waste processing and ethical sourcing that protects Indonesian biodiversity.

Integrity

Transparent supply chains and reliable logistics that global buyers can depend on every time.

Core Products: The Foundation

Fresh Whole Coconuts

Meticulously selected mature coconuts, de-husked and cleaned for industrial food processing and retail chains worldwide.

High-Grade Copra

Sun-dried or kiln-dried under optimal conditions to produce a high-yield raw material for premium coconut oil production, featuring low free fatty acid levels.

Premium Value-Added Derivatives

Virgin Coconut Oil

Cold-pressed, unrefined oil rich in MCTs for health and beauty.

Coconut Sugar

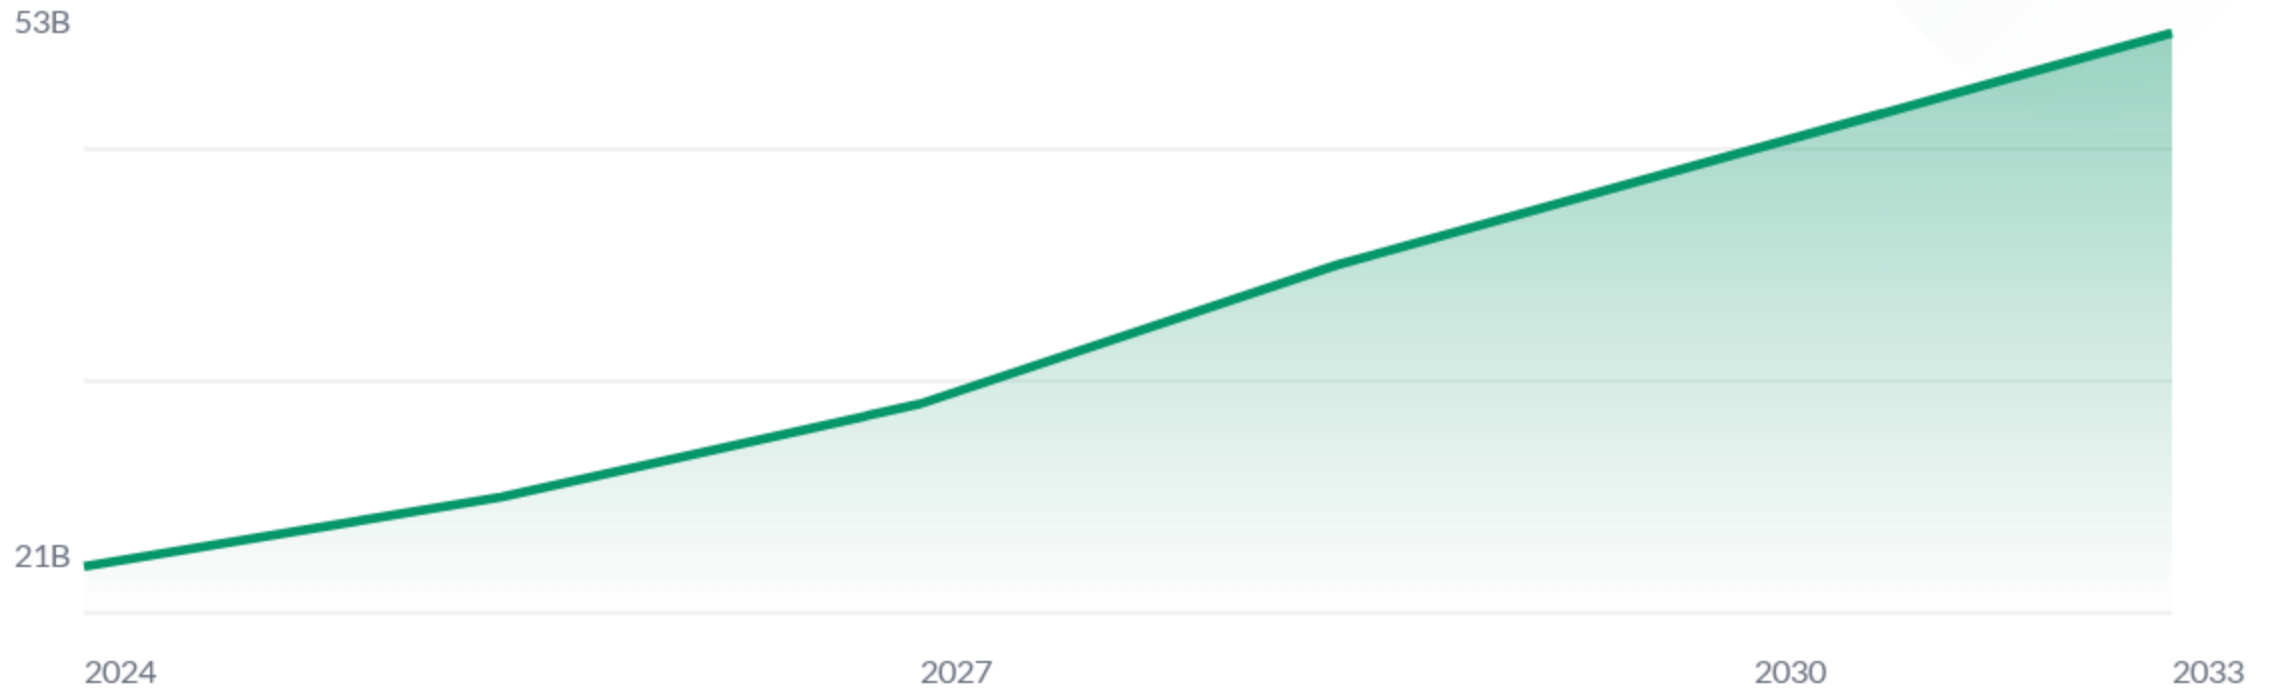

Natural, low-GI sweetener with a rich, caramel-like flavor.

Shisha Charcoal

High-calorie, low-ash briquettes for professional hookah use.

The Global Coconut Boom

The global coconut market is projected to grow from USD 21.7B (2024) to over USD 53B by 2033, driven by a 10% CAGR in plant-based health products.

Quality Standards & Certifications

Certification Category	Standard / Compliance	Coconesia Commitment
Food Safety	HACCP & ISO 22000	Strict hygiene protocols in all processing facilities.
Religious / Dietary	Halal & Kosher	Full compliance for diverse international markets.
Sustainability	Organic (USDA/EU)	Pesticide-free sourcing from certified local farms.
Trade Ethics	Fair Trade	Ensuring equitable profit sharing with smallholder farmers.

Empowering Communities

98% of Indonesia's coconuts are grown by smallholder farmers. Coconesia is dedicated to integrating these heroes into the global supply chain, ensuring a sustainable livelihood for rural families.
